JAMES ALLEN HENRY, PH.D.

BUSINESS TELEPHONE: 503.998.0864
EMAIL ADDRESS: drhenry@earsgonewrong.org
CITIZENSHIP: USA
PREVIOUS TITLES: Senior Research Career Scientist
VA RR&D National Center for Rehabilitative Auditory Research
VA Portland Health Care System, Portland, OR
Research Professor
Department of Otolaryngology/Head and Neck Surgery
Oregon Health & Science University, Portland, OR
Adjunct Professor
Department of Speech and Hearing Sciences
Portland State University, Portland, OR

UNDERGRADUATE SCHOOL	DATES	DEGREE/SUBJECT
Tallahassee Community College, Tallahassee, FL	1970-1972	A.A./Mathematics
Florida State University, Tallahassee, FL	1972-1973	(Biology major)
Portland State University, Portland, OR	1984-1985	B.S./Speech and Hearing Sciences
GRADUATE SCHOOL		
Portland State University, Portland, OR	1985-1987	M.S./Audiology
Oregon Health & Science University, Portland, OR	1988-1994	M.S. & Ph.D./Behavioral Neuroscience

CERTIFICATION AND LICENSURE

Certificate of Clinical Competence–Audiology (CCC–A), American Speech-Language-Hearing Association
(continuous since 1987)
License to practice Audiology, State of Oregon #21765
Medical Staff certification/privileges, VA Portland Health Care System (until retired, September 30, 2022)

PROFESSIONAL MEMBERSHIPS

American Academy of Audiology	1989-present
American Tinnitus Association	1994-present
American Auditory Society, Inc.	2006-present

AWARDS/HONORS

University Commendation Award (Portland State University; PSU)	1984-1985
The Honor Society of Phi Kappa Phi, Portland State University Chapter	1985
American Speech-Language-Hearing Foundation (ASHF) Student Scholarship	1985-1986
Graduate Assistantship (stipend), PSU Speech and Hearing	1985-1986
Shari Kazdoy Memorial Scholarship (PSU Speech and Hearing award)	1986-1987
International Organization for Education of Hearing Impaired (A.G. Bell Association for the Deaf) Grant for Professional Development	1986-1987
National Association of American Business Clubs (AMBUCS) Scholarship	1986-1987
Vollum Institute Neuroscience stipend (OHSU)	1988-1989
VA Medical Center Outstanding Performance Award	1993, 1995, 1999, 2004-2021
Certificates of Appreciation, American Tinnitus Association	2003-2009
Publication (#26 below) selected as one of “The Best of 2002” Audiology Literature for <i>The Hearing Journal</i> (56:5, 2003, p. 40)	2003
VA RR&D Research Career Scientist Award	2004-2009
Publication (#36 below) selected as one of “The Best of 2005: Diagnostic Audiology” Literature for <i>The Hearing Journal</i> (59:6, 2006, p. 32)	2006
Publication (#37 below) selected as one of “The Best of 2005: Audiologic Rehabilitation—Great for the Clinician” Literature for <i>The Hearing Journal</i> (59:6, 2006, p. 38)	2006
Certificate of Appreciation, Department of Veterans Affairs, National Audiology Patient Education Workgroup (in recognition of contributions to the Tinnitus Planning Committee charged to create a patient education DVD on Tinnitus Management)	2006
VA RR&D Research Career Scientist Award	2009-2014
Publication (#47 below) selected as one of “The Best of 2008: Audiologic Rehabilitation—Great for the Clinician” Literature for <i>The Hearing Journal</i> (62:6, 2009, p. 38)	2009
Technology Innovation Award, Oregon Health & Science University, Computer Automated Tinnitus Psychoacoustic Testing System, Licensed in Fiscal Year 2009 (Henry JA, Porsov E, Silaski G, Owens K, Gray D)	2009
OHSU Technology Innovation Award, Top 5 Licensed Technology in 2009. Computer Automated Tinnitus Psychoacoustic Testing System (Henry JA, Porsov E, Silaski G, Owens K, Gray D)	2009
2011 Research Award from the Association of VA Audiologists	2011
Department of Veterans Affairs award for 25 Years <i>Federal Service</i> ; presented during Employee Awards Ceremony, March 29, 2012	2012
Editor’s Award: Outstanding Research in Audiology and Hearing Science (Meikle MB, Henry JA, et al., <i>The Tinnitus Functional Index: A new clinical measure for chronic, intrusive tinnitus. Ear and Hearing</i> 33(2):153-176)	2013
Inventors of US Patents in Fiscal Year 2013 (Henry JA, Porsov E). 2013 Technology Transfer and Business Development Awards, OHSU, September 18, 2013.	2013
VA RR&D Research Career Scientist Award	2014-2019
Certificate of Achievement and Recognition for Outstanding Volunteer Service to Students, Awarded by the National Student Speech Language Hearing Association	2014

Poster (#273 below) selected as first place in the poster competition at the Ohio Audiology Conference, February 21, 2015	2015
Issued US patent: "Computer automated tinnitus psychoacoustic testing system." Patent 8,870,786; Inventors Henry JA, Porsov EV. Award presented at OHSU 2015 Technology Transfer & Business Development Awards, Portland, Oregon, October 19, 2015.	2015
Rehabilitation Research and Development 2016 Paul B. Magnuson Award (<i>"This award is the highest honor for VA rehabilitation investigators."</i>)	2016
Oregon Health & Science University Technology Transfer and Business Development awardee, "Creators and inventors of licensed technology," October 12, 2016.	2016
Jerger Career Award for Research in Audiology, American Academy of Audiology Honors Committee (<i>"This award is given to an individual with a distinguished research career in audiology and/or hearing sciences."</i>)	2017
Department of Veterans Affairs award for <i>30 Years Federal Service</i> ; presented during Employee Awards Ceremony, March 17, 2017	2017
Profiled on the ASHA Story Wall (featured on ASHA website and at the ASHA Convention, November 15-17, Boston, MA)	2018
VA RR&D Senior Research Career Scientist Award	2019-2026
Top Copyright License Award for efforts in the licensing of the Tinnitus Functional Index; presented at the 2019 OHSU Innovation Awards & Celebration, February 7, 2019 (Henry JA, Nuttall F, Griest S, Folmer R)	2019
Finalist (one of 15 from 591 applicants), VHA Shark Tank Competition Finalist Practices, VHA Innovation Experience (iEx), Washington, D.C., October 22, 2019.	2019
NCRAR Innovation Award (for NIDCD P50 application and Shark Tank finalist). November 17, 2020.	2020
7th ASHA Award for Continuing Education (ACE) (first was in 2008); <i>"In recognition of exceptional commitment to continuing professional education"</i>	2021-2024
Nomination for 2021 Editor's Award: Outstanding Research in Audiology and Hearing Science [Reavis KM, McMillan GP, Carlson KF, Joseph AR, Snowden JM, Griest S, <u>Henry JA</u> . Occupational noise exposure and longitudinal hearing changes in Post-9/11 US military personnel during an initial period of military service. <i>Ear and Hearing</i> 42(5):1163-1172, 2021]; One of seven nominations selected from the 158 articles published in Volume 42, 2021.	2022
NCRAR Veteran Outreach Award	2022
2022 Military Health System Research Symposium (MHSRS) Outstanding Research Accomplishment (Team/Academia/Industry), "The Noise Outcomes in Service Members Epidemiology Team led by Dr. James Henry"	2022
Winner of the 2021 Editor's Award: Reavis KM, Snowden JM, <u>Henry JA</u> , Gallun FJ, Lewis MS, Carlson KF. Blast exposure and self-reported hearing difficulty in Service members and Veterans who have normal pure-tone hearing sensitivity: The mediating role of posttraumatic stress disorder. <i>Journal of Speech, Language, and Hearing Research</i> 64(11):4458-4467, 2021.	2022

COMMITTEES/CHAIRSED SESSIONS

Chair, 6 th International Tinnitus Seminar, Cambridge, UK. Psychoacoustics Session 5B	1999
Member, Research and Development Committee, VA Portland Health Care System	1999-2002
Member, Advocacy and Legal Committee, American Tinnitus Association	2000-2005
Member, Strategic Planning Focus Group, American Tinnitus Association	2000
Alternate Member, Research and Development Committee, VA Portland Health Care System	2002-2003
Member, Research and Development Committee, VA Portland Health Care System	2003-2006
Chair, Auditory Rehabilitation: A Multi-Dimensional Approach—NCRAR Conference. Session 4: Issues Associated with Telephone Use and Hearing Aids	2003
Chair, ASHA Convention (American Speech-Language-Hearing Association), Session #25. Chicago, IL	2003
Member, International Scientific Committee for the Eighth International Tinnitus Seminar, Pau, France	2005

Member, ad hoc professional committee (by Accreditation Commission for Audiology Education) to develop standard measurement tool for Competency Assessment metric for Au.D. programs for tinnitus and decreased sound tolerance	2004
Member, ad hoc professional committee to establish tinnitus definitions for the Scientific Advisory Committee of the American Tinnitus Association	2005
Member, Pre-Convention Sub-Committee for the 2006 American Academy of Audiology Convention	2005-2006
Chair, Tinnitus Measurement Session, Eighth International Tinnitus Seminar, Pau, France	2005
Member, American Tinnitus Association Search Advisory Committee	2005
Member, American Tinnitus Association Scientific Advisory Committee	2005-2013
Member, Advisory Committee for the Ninth International Tinnitus Seminar, Göteborg, Sweden	2006-2008
Member, NCRAR Executive Committee, VA Portland Health Care System	2007-2009
Member, IRB Committee, VA Portland Health Care System	2003-2009
	2011-2014
Alternate Member, Research and Development Committee, VA Portland Health Care System	2007-2011
Member, Advisory Committee for NIDCD CHEER (<i>Creating Healthcare Excellence through Education and Research</i>) Grant (PI: Debara Tucci, MD), Duke Clinical Research Institute	2009-2011
Member, Data Safety Monitoring Board, Tinnitus Retraining Therapy Trial, (PI: Craig Formby, PhD), University of Alabama	2009-2017
Key informant for the topic of <i>Treatments for Tinnitus</i> as part of the Agency for Healthcare Research and Quality's (AHRQ) Effective Health Care program	2011-2012
Member, Audiology National Advisory Committee (committee that is charged with writing the ASHA/Praxis credentialing exam for audiologists)	2011-2018
Member, Expert Panel, International State-of-the-Science Meeting on Blast-Induced Tinnitus, Chantilly, Virginia, November 15-17, 2011	2011
Chair, Workgroup 4, International State-of-the-Science Meeting on Blast-Induced Tinnitus, Chantilly, Virginia, November 15-17, 2011	2011
Technical Expert for the topic of <i>The Evaluation and Treatment of Tinnitus: A Comparative Effectiveness Review</i> as part of the Agency for Healthcare Research and Quality's (AHRQ) Effective Health Care (EHC) Program	2011-2012
Member, working group to chart the future of rehabilitation research. VA Rehabilitation, Research and Development Service	2012-2013
Chair, Tinnitus Section, Joint Audiology Committee on Clinical Practice (purpose: develop recommendations for evidence-based audiology clinical practice algorithm and statement)	2012-2015
Panel Member, American Academy of Otolaryngology—Head and Neck Surgery Foundation (AAO-HNSF) Clinical Practice Guideline Development Panel: "Tinnitus"	2013-2014
Member, Advisory Board for Department of Defense Epidemiology and Economic Burden of Hearing Loss Study (DEEBoHLS)	2013-2015
Panel Member and Content Expert, DoD Pharmaceutical Interventions for Hearing Loss Working Group	2013-2023
Subject Matter Expert for the ASHA Practice Portal page on Tinnitus and Hyperacusis	2015-2016
Panel Member, NIH Auditory System Study Section 2016/01 AUD	2015
Member, VA/DoD Tinnitus Working Group	2016-2023
Member/Reviewer, 2016 Convention Program Committee for the American Speech-Language-Hearing Association (ASHA)	2016
Subject Matter Expert for the American Board of Audiology's Tinnitus Management Certificate Training Program Working Group	2016-2018
Member, Editorial Advisory Panel for Tinnitus Today (publication of the American Tinnitus Association)	2016-2020
Member, Special Emphasis Panel/Scientific Review Group on VA Office of Research & Development (ORD) Million Veteran Program (MVP)	2017
Moderator, Podium Session II: Tinnitus, Transfer Functions and Tursiops, American Auditory Society 46 th Annual Scientific and Technology Conference, Scottsdale, AZ, February 28,	2019

2019	
Member, Subject Matter Expert Panel to develop a Research Roadmap for Tinnitus for the Department of Defense Hearing Center of Excellence	2019
Chair, Tinnitus Section at Field-based meeting: Service-Related Auditory and Vestibular Injuries in U.S. Veterans. Portland, OR, Sept 5, 2019.	2019
Member, Advisory Board, Department of Defense Epidemiology and Economic Burden of Hearing Loss Study (DEEBoHLS) 2.0	2019-2023
Editor at Large for Tinnitus Today (publication of the American Tinnitus Association)	2020-present

TEACHING

Lecturer, PSU and OHSU; Introduction to Sign Language (OHSU School of Nursing and PSU Speech and Hearing Dept.) 1987-1993

Lecturer, PSU Department of Audiology and Speech Pathology, Instrumentation Lab for Audiology and Speech Pathology 1989

Lecturer, OHSU Department of Behavioral Neuroscience, Physiological Psychology, Auditory Section 1994-2004

Lecturer, PSU Department of Audiology and Speech Pathology, Research Design, Audiology Research Section 1997-2006

Instructor, Arizona School of Health Sciences, Audiology 733.12 (Tinnitus), Web class for Audiology doctoral (AuD) students 2000-2001

Lecturer, PSU Department of Audiology and Speech Pathology, Medical Audiology III, Tinnitus Section 2002-2006

Instructor, American Tinnitus Association, “Tinnitus Treatment and Management—ATA’s Course for Professionals” (one of four online course instructors for a 4-week, comprehensive informational course) 2003-2006

Note: graduate audiology (AuD) teaching experience listed under Presentations below and denoted by **

PROFESSIONAL EXPERIENCE

Graduate Assistantship, PSU; scheduling for audiology clinic 1985-1986

Industrial Audiometrist, Portland General Electric; two year-long stipends to monitor hearing of employees 1985-1987

Practicum, Tucker-Maxon School; assisting staff audiologist administer to hearing, hearing aid, and auditory trainer needs of profoundly deaf children 1986

On-Campus Practicum, PSU; diagnostics, aural rehabilitation, hearing aid dispensing 1986

Speech Instrumentation Lab Assistant, PSU; operation and maintenance of speech and hearing instrumentation including Digital Sonograph, Visipitch, recording equipment, EMG, etc. 1986

Clinical Audiologist, substitute for Arlie Adam, M.S., CCC-A (Dr. Frederick Camp), and Diane 1987-1988

Heath, M.S., CCC-A (Dr. Derek Lipman) <i>Research Audiologist</i> , Auditory Research Laboratory, VA Portland Health Care System; high-frequency (>8 kHz) air- and bone-conduction audiometry; high-frequency toneburst-evoked ABR; "chained-stimulus" ABR; high-frequency ototoxicity monitoring; automated tinnitus evaluation; tinnitus treatment; scientific writing; computer operation for statistical analyses and graphics; acoustic calibration; clinical audiology	1987-1994
<i>Graduate Research Assistant</i> , OHSU; Oregon Hearing Research Center (OHRC) in Dr. Mary Meikle's lab; research focused on the psychoacoustic measurement of parameters of tinnitus; also assisted in auditory electrophysiology experiments	1988-1994
<i>Post-doctoral Research Associate</i> , Auditory Research Laboratory, VA Portland Health Care System; various duties associated with clinical research, including grant proposal design and development, project participation and oversight, preparation of manuscripts for publication, preparation and delivery of posters and podium presentations; research audiology	1994-1997
<i>NCRAR Research Investigator</i> , VA Portland Health Care System; all duties associated with clinical research, including grant proposal design and development, project participation and oversight, preparation of manuscripts for publication, preparation and delivery of posters and podium presentations; research audiology	1997-2004
<i>NCRAR Research Career Scientist and Senior Research Career Scientist</i> , VA Portland Health Care System; all duties associated with clinical research (as described above), as well as education and training responsibilities (development of patient educational materials and professional training materials and workshops; training presentations)	2004-present

FUNDED RESEARCH GRANTS

As Principal or Co-Principal Investigator
